

10 Subtle signs someone's leadership material

(You'll notice
these before
HR does)

1

**They arrive 2
minutes early,
not 10**

They don't

Rush in stressed
or wait too long

Instead, they

Walk in calm, say
hello, get settled

2

**They leave
while the
interest is high**

They don't

Let meetings drag on

Instead, they

Say 'Let's end on
this strong note'

3

**They dress
slightly above
their role**

They don't

Overdress to
prove a point

Instead, they

Show polish
without showing off

4

They handle interruptions gracefully

They don't

React defensively

Instead, they

Say 'I'd like to finish this thought'

5

They focus on understanding

They don't

Plan replies
while others talk

Instead, they

Ask questions
to learn more

6

They remember past conversations

They don't

Just nod and move on

Instead, they

Say 'Last week
you mentioned...'

7

They wait after questions

They don't

Rush to fill silence

Instead, they

Give others time to think

8

They use names

They don't

Talk to the whole room

Instead, they

Say 'Kim, I like
your point about...'

9

They start with the end goal

They don't

Jump to fix things

Instead, they

Ask 'What does success look like?'

10

They disagree respectfully

They don't

Make it personal

Instead, they

Say 'Here's another way to see it'

The best leaders don't grab space.

They create it for
others to grow.
