

WOMEN IN CONSUMER FINANCE

LEADERSHIP DEVELOPMENT SUMMIT

November 10-12 in Charlotte, NC

ABOUT THE EVENT

This one-of-a-kind professional development event is where emerging, experienced and executive female leaders from across financial services come each year for inspiration, personal growth, and an expanded network.

Everything we do is curated to create inspiration and relationships that last well beyond the event. During our 3 days together, attendees bond through networking activities and workshops that cultivate a true sense of belonging among them. This belonging and the new network that comes with it uplifts participants and gives them the confidence needed to propel their careers (and your business) forward.

ATTENDEE REVIEWS

I've been in the industry for over 25 years. I truly wish I had something like this when I started out. I'll tell anyone who will listen, invest in sending your team. Whatever you spend, you will get 3 times back. This is an investment in growth and an investment in the future.

Sherry Gibson, Security Credit Services

I felt seen, heard, and had the ability to connect with women who felt the same. This conference not only afforded me the opportunity to connect with individuals outside my company but even those within that I had never met face to face. I feel empowered to return to work ready to share my story and elevate myself and my team!

Dawn Short, Capital One

Attending WCF was a rewarding experience. The conference offered opportunities for both professional and personal growth. The sessions were informative and interactive. I highly suggest women at all levels attend!

Kellie Belote, Alleviate Financial

I really loved the conference, and I truly believe it changed my life. I came back to work a whole new woman with confidence I never had before.

Gabrielle Rodriguez, NCCI

If you're not sure you can afford to send the women in your organization to this event, I'd say you can't afford NOT to! Investing in your female workforce results in the best possible ROI. Your company benefits when your women are confident and empowered.
